

Elo PayPoint® for Android™ 3.0

All-In-One POS Platform

Plug & Play

Commercial Grade

Google Play Services

Product Overview

PayPoint for Android combines a reliable, commercial-grade POS System with the flexibility and functionality of Google Play™ Services. Running Android 8.1, with the blazing-fast Qualcomm Snapdragon octa-core processor, the all-in-one mPOS solution brings unmatched style to the point of sale with a distinctive modern aesthetic. PayPoint provides everything you need integrated, including a 13.3" touchscreen display, barcode scanner, receipt printer, MSR, cash drawer and customer facing display. For EMV support, pair with your preferred EMV reader via USB or Bluetooth.

With its small footprint and attractive design, PayPoint transforms the cash wrap into a beautiful and functional space-saving solution to allow you to better serve your customers. The flip-for-signature screen encourages shopper engagement and electronic receipt delivery. And, with its single cable design, PayPoint makes setting up the point of sale system fast and easy - just unbox, plug in, connect, and go.

With Integrated Google Play Services, your app can take advantage of the latest Google GMS powered features

Enable smarter content distribution and device management with EloView® - deploy content, manage settings and maintain the OS

Optional EloCareSM Advance Exchange Warranty - If you have an issue with your PayPoint System, just pick up the phone and call Elo to have a replacement unit sent.*

Elo PayPoint® for Android™ 3.0
