Redefine Your Touch Experience.

Make shopping, paying, working and
exploring better than ever before.

Interactive Digital Signage

Incorporating interactive experiences into retail, hospitality and various other environments has proven to increase marketing effectiveness, business efficiency and return on investment (ROI). Whether you are using interactive digital signage to train a potential customer on your product, help people find what they are looking for, enable self-service or help customer choose the correct product for them, there are endless possibilities to incorporate value into your business.

A Touch of Style

Sleek, beautiful, and lightweight. Elo systems are designed to work just as good as they look.

Built to Last

Elo systems are built to last and withstand repetitive impact in demanding retail environments.

Accessorizing Made Simple

Expand your functionality with snap-in accessories including 2D scanners, card readers, NFC readers or third-party accessories such as an EMV card reader.

Custom Products Tailored to Your Vision

From custom design and engineering to prototyping and production, you can partner with Elo experts to create your own product.

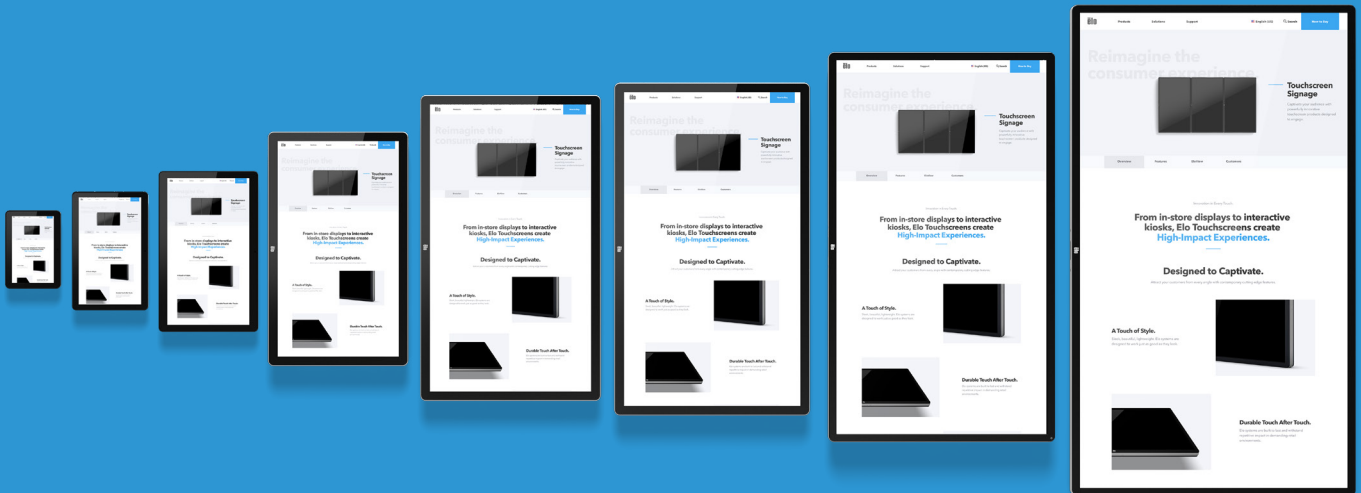

Customer Committed

Large enough to have global reach and scale, small enough to work hand-in-hand to help you accomplish your goal. Single-source worldwide delivery, service & support.

Interactive Experiences

Elo's next generation signage displays are thin, bright and beautiful in 10", 15", 22", 32", 42", 46", 55", and 70" touchscreen sizes and are designed to provide consistent performance in high traffic environments.

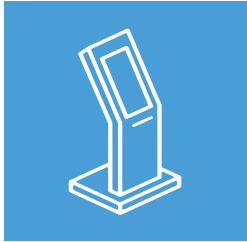

Interactive Digital Signage from 10 to 70-inches

EloView®

EloView, a SaaS platform, offers retailers and hospitality providers a system for managing remote content deployment and device management, in real-time across the globe. Whether you need to push new content to a device or simply change the screen brightness, EloView has got you covered.

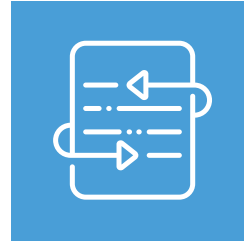

A Robust Set of Features

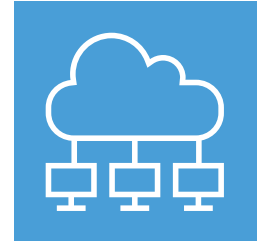

Kiosk Mode

Content Delivery

Provisioning Service

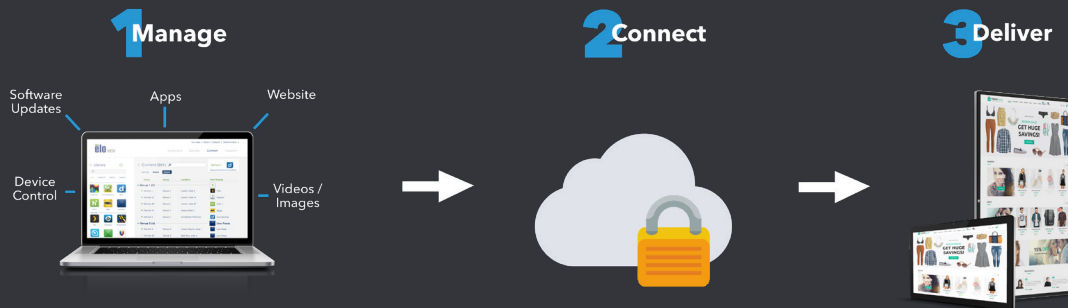

Device Management

Designed for Simplicity

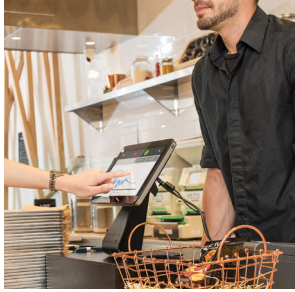

Ease-of-use and intuitive software make EloView different from all of the rest. Since the hardware and software are designed and tested by the same manufacturer, all the features are in sync.

Devices set up automatically when connected. In addition, you can leverage your existing website app assets as well as your content management system.

A Solution for Everyone

Elo deliver the one of the widest selections of interactive solutions for retail. From POS to POI and self-service, let Elo help you captivate your audience with commercial-grade touchscreens from 10 to 70 inches. Whether you want a wall-mount, shelf-mount, pole mount or fully-integrated kiosk, Elo has a solution to create brilliant, engaging experiences designed to fit your store.
