

PRODUCT AVAILABILITY NOTICE

September 30th, 2019
Product Availability Notice
Number: 000-001

Sunset Notice: I-Series for Windows (1.0)

Product Information

Please be advised that the Windows I-Series (1.0) products are soon to be replaced with the upgraded 2.0 models. In preparation, Elo has increased lead-times for 1.0 models and updated the availability to “C” (Make to Stock, typical lead time is 8 – 12 weeks or fewer for 100 units or fewer). In order to minimize the need to rotate material back to Elo, we are requesting that each distributor examine their stocking policy and safety stocks for these products and make adjustments accordingly.

Samples of Windows I-Series (2.0) should be available by the end of October with production beginning in November 2019.
