Sunset Notice: I-Series for Android & Backpack[®]

Product Information

Please be advised that the Android I-Series and Backpack[®] (2.0 & 3.0) products will soon be replaced with the upgraded I-Series 4 & Backpack 4 models. In preparation, Elo has increased lead-times for the current models and updated the availability to “C” (Make to Stock, typical lead time is 8 – 12 weeks or fewer for 100 units or fewer). In order to minimize the need to rotate material back to Elo, we are requesting that each distributor examine their stocking policy and safety stocks for these products and make adjustments accordingly.

Samples of the new I-Series 4 & Backpack 4 should be available starting April 2021 with production beginning May 2021. Please consult with your sales representative for specific part numbers and details.
