Transition Notice: Extended Warranty & AUR Part Numbers

Obsolete Product Information

In the upcoming months, we will be making changes to our service and support offerings to simplify procurement and ensure we are providing the services our customers need. The first step we are taking is to streamline our service and support part numbers. Please be advised that all Extended Warranty and Advance Unit Replacement (AUR) part numbers will be discontinued and replaced with new part numbers. The new part numbers are available on the April 2019 price list and the obsolete part numbers will be removed on the May 2019 price list. Please see the tables below for more information regarding the part number transitions. If you have any questions, please contact your Elo sales representative or Elo Customer Service.
