Update - EOL Notice: 1929LM & 2401LM Touchscreen Monitors

Obsolete Product Information

Please be advised that the 1929LM and 2401LM touchscreen monitors were discontinued in January of 2018 and replaced with the 03-Series touchscreen monitors. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications. Some of the highlighted improvements include 10-touch PCAP, IP-54 (entire enclosure) and optional privacy filters and handles. The new 03-Series product line also maintains the IEC 60601-1 certification required for FDA submission. Please see the table below for suggested replacements.

Inventory and Last Time Buy

- As of June 1, 2018, all 1929LM and 2401LM transitioned to made to order (MTO) only.
- Please note that remaining inventory will be available on a first come first served basis with shipments no later than March 29, 2019.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.

Obsolete & Replacement Part Numbers

Part Number	Product Description	Recommended Replacement Part Number	Replacement Description
E000168	ET1929LM-7CWA-1-BL-G	E349829	ET1903LM-2UWA-0-BL-G
