## Transition Notice: Windows i7 Computer Modules (ECMG2)

### Obsolete Product Information

Please be advised that the ECMG2B and ECMG2C i7 Windows Computer Modules are being discontinued. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

As previously announced in May 2018, these are being replaced by our new ECMG3 Computer Modules. Featuring the Intel® Core™ 6th Generation CPUs and enhanced graphics engine, they are available with Intel i3, i5 and i7 processors for Microsoft® Windows® 10, Windows 7 or no operating system. Please note that when used with the IDS 01-Series products, 5551L and 7001LT, the enclosed power module will not be used. Please visit [www.elotouch.com](http://www.elotouch.com) for more information on the [ECMG3 Computer Modules](#).

### Inventory and Last Time Buy

Please note that remaining inventory will be available on a first come first served basis. We will work closely with current customers to navigate this transition.

## Obsolete & Replacement Part Numbers

Obsolete Part Number	Obsolete Product Description	Replacement Part Number	Replacement Product Description
