EOL Notice: 2293L Rev B Open Frame Touch Displays

Obsolete Product Information

Please be advised that the 90-Series 2293L Rev B Open Frames are discontinued. While we work to minimize changes, product line adjustments are needed from time to time to keep our offerings current with new technologies and features. To support demand, customers can transition to the 2294L Rev B Open Frames which offer direct drop-in compatibility with the 2293L, with the added value of wide viewing angles. In order to stay focused on our core value of providing customers with offerings that deliver the best combination of value, product options and competitive pricing, we feel this change is needed. Please see the table below for the suggested replacements.

Last Time Buy and Last Time Ship

- Please note that remaining 2293L inventory will be available on a first come first served basis.
- Last time buy orders for the 2293L will be accepted through September 27th, 2019 with last time ship to be completed by January 31st, 2020.
- Orders for the 2294L will be accepted immediately.
- We will work closely with existing customers to navigate this transition.
