## EOL Notice: 0700L Touchscreen Monitor

### Product Information

Please be advised that the 0700L product line is being discontinued and will be replaced by the 0702L, announcing in May 2019. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features.

The 0702L will be available with Elo's TouchPro<sup>®</sup> PCAP technology offering edge-to-edge glass and up to 10 touches for a tablet-like experience. With a thin, compact form factor measuring just over half an inch thick, the 0702L delivers a 60% reduction in depth from the 0700L along with the same single cable DisplayLink connection you've become accustomed to. See the table below for all suggested replacement products, including accessories.

### Last Time Buy & Last Time Ship

- Please note that remaining inventory will be available on a first come first served basis with last time buy no later than June 28<sup>th</sup>, 2019 and last time ship no later than September 30<sup>th</sup>, 2019.
- Please consult with your sales representative for specific part numbers and details as well as sample availability for the 0702L.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.

### Obsolete & Replacement Part Numbers

Obsolete Part Number	Obsolete Product Description	Replacement Part Number	Replacement Product Description
E791658	ET0700L-7UWA-1-ZB-GY	E796382	ET0702L-2UWA-1-G
