Transition Notice: 03-Series Medical Grade Monitors with Anti-Glare

Product Information

Please be advised that the 03-Series Medical Grade Touchscreen Monitors are transitioning from clear glass to anti-glare as standard across all 03-Series products (1903LM, 2203LM, 2403LM and 2703LM). With this change, Elo is releasing new part numbers and the original part numbers with clear glass will be discontinued. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications. Please see the table below for the suggested replacement part numbers.

Last Time Buy & Last Time Ship

- Please note that remaining inventory will be available on a first come first served basis with last time ship no later than August 30th, 2019.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.
