EOL Notice: I-Series for Windows

Product Information

Please be advised that the I-Series for Windows (1.0) is being discontinued and will be replaced by the I-Series for Windows (2.0), announced October 24, 2019. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features.

Elo's I-Series 2.0 delivers commercial-grade computing, powered by Intel 8th gen processors, with the capabilities, security and enterprise infrastructure of a powerful, Windows-based platform—all in a sleek, yet durable fixed tablet form factor. For added flexibility, the I-Series offers models with no OS—all pretested with Linux SuSE, Ubuntu and Red Hat operating systems—allowing businesses to get the solution best suited for them.

Last Time Buy & Last Time Ship

- Please note that remaining inventory will be available on a first come first served basis with last time buy no later than December 31st, 2019 and last time ship no later than April 30th, 2020.
- Please consult with your sales representative for specific part numbers and details as well as sample availability for the Windows I-Series 2.0.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.
