Transition Notice: 7001LT Interactive Displays

Obsolete Product Information

As part of a major upgrade to Elo's Large Format Interactive Displays announced in 2019, the 7001LT model and skus are being discontinued and transitioned to the new 6553L. In addition to the suggested 6553L IR replacement, we also offer PCAP models with antiglare (E215435) or clear glass with anti-friction coating (E914767). While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

6553L | 4K | 65-inch Interactive Display

Perfect for everything from endless aisle and brand experiences to collaborative meetings, conferencing and whiteboarding, the 6553L offers a sleek, professional-grade large format display designed to help you create engaging experiences.

IR (with AG) or PCAP (with AG or AF)
Optional Win 10 or Linux Compatible computer modules with Intel 8th gen Processors • Elo Edge Connect™ compatible
3-yr standard warranty with On-Site Exchange

Inventory and Last Time Buy

Please note that remaining inventory will be available on a first come first served basis. We will work closely with current customers to navigate this transition.
