EOL Notice: 7001LT Interactive Displays

Obsolete Product Information

Please be advised that Elo's 7001LT Interactive Displays are being discontinued. While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications. Please see the table below for suggested replacements. In addition to the suggested 6553L IR replacement, we also offer PCAP models with antiglare (E215435) or clear glass with anti-friction coating (E914767).

Inventory and Last Time Buy

Please note that remaining inventory will be available on a first come first served basis. We will work closely with current customers to navigate this transition.
