Transition Notice: PayPoint® for iPad & PayPoint Plus for iPad

Product Information

Please be advised that the PayPoint® for iPad and PayPoint Plus for iPad product lines are being discontinued but the PayPoint and PayPoint Plus for Android and Windows platforms will remain and offer great options to transition to. While this has been an innovative product for Elo and its customers, we have decided to discontinue this product line as Apple has moved towards streamlining USB-C as their interface of choice for new iPad products.

All current hardware can be updated to use the latest iOS 14 SDK, but we will not be able to offer updates beyond that. If you have any questions or need samples of PayPoint or PayPoint Plus (Android or Windows) for development, please contact your sales representative at Elo.

PayPoint & PayPoint Plus For Android & Windows

PayPoint offers a plug and play all-in-one POS solution complete with everything a merchant needs, including:

Integrated - 2D Barcode Scanner, MSR, Printer, Cash Drawer
Android, Windows or No OS • Powerful Processors
SDK for ease of integration • TouchPro® PCAP Display
WiFi & Bluetooth • Connectivity for 3rd party peripherals
Android offers EloView® compatibility

Inventory and Last Time Buy

- Please note that remaining inventory will be available on a first come first served basis. We will work closely with existing customers to navigate this transition.
- Last time buy orders will be accepted through **November 10th, 2020** with last time ship to be completed by **December 31st, 2020**.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.
