Transition Notice: ECMG3 Windows Computer Modules

Product Information

Due to lack of key components required to manufacture the ECMG3 Windows Computer Modules, Elo is discontinuing the product line and transitioning customers to the ECMG4. While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications. The ECMG4 offers substantial upgrades over the ECMG3 including significant cost savings and a 50% smaller footprint.

ECMG4 Windows Computer Modules

Elo's commercial-grade ECMG4 computer modules transform Elo's Large Format Interactive Displays into powerful all-in-one platforms to create immersive experiences with features including:

- 8GB to 64GB RAM • 256GB m.2 SSD • Built-in PSU
- Built in Wi-Fi with two optional external antenna
- Compatible with Elo's 3203L, 5553L & 6553L
- Future compatibility for Elo's 4303L, 5053L & 5503L

Inventory and Last Time Buy

- Please note that remaining inventory will be available on a first-come first-served basis. We will work closely with existing customers to navigate this transition.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.
