## Transition Notice: 4602L Interactive Displays & Accessories

### Product Information

As part of the major upgrade to Elo's Large Format Interactive Displays, the 4602L is being discontinued and will be transitioning in July to the 5053L. The new interactive displays will offer a significant cost savings over the prior generation with features including 4K resolution, USB-C, ECMG4 compute module compatibility, clear glass with anti-friction and upgraded touch performance to 40 touches on the PCAP models. Please note, all IDS 02-Series accessories will also be discontinued at this time. While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

### 5053L 4K Interactive Displays

Perfect for everything from endless aisle and brand experiences to menu boards, collaborative meetings and dashboarding, the 5053L will offer the same sleek, slim designs purpose-built for commercial use.

4K • 40-touch PCAP or 20-touch IR • Ready for 24/7 use  
Clear glass with anti-friction • USB-C Connectivity  
Optional Win 10 Compute • Compatible with Elo Huddle Kit  
Advance Unit Replacement included with 3-year warranty  
Compliant with UL-60950 & IK-07 impact testing  
Compatible with EloView® via Elo Backpack®

### Inventory and Last Time Buy

- Please note that remaining inventory will be available on a first-come first-served basis. We will work closely with existing customers to navigate this transition.
- Last time buy orders will be accepted through **July 31<sup>st</sup>, 2021** with last time ship to be completed by **October 31<sup>st</sup>, 2021**.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.
