## Transition Notice: 2796L Open Frame Touchscreen Display

### Product Information

Please be advised that our current 2796L Open Frame is being discontinued and replaced with the 2794L Open Frame released in March 2021. The new 2794L TouchPro® PCAP display delivers increased impact ratings with thicker glass and continues to offer the same enhanced touchscreen optics and Elo's industry-leading touch thru functionality. While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

### Inventory and Last Time Buy

- Please note that remaining inventory will be available on a first-come first-served basis. We will work closely with existing customers to navigate this transition.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.

### Obsolete & Replacement Part Numbers

Obsolete Part Number	Obsolete Marketing Description	Replacement Part Number	Replacement Marketing Description
