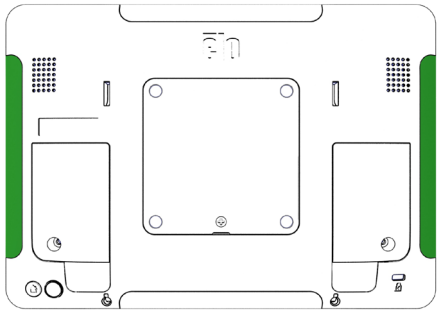
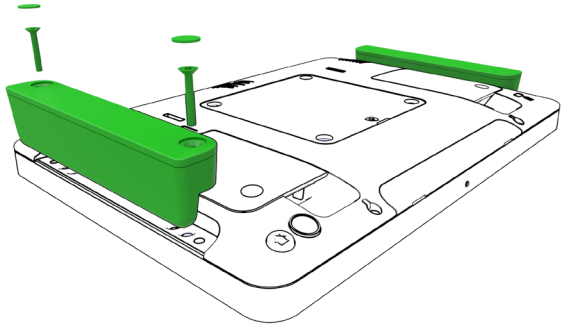
Installation

1



Remove the Edge Connect peripheral covers to expose the peripheral bay. Up to two status lights can be installed on a single I-Series display

2



Gently press the status light into the Edge Connect peripheral bay making sure the connector is seated. Then install the included screws and screw covers.

Note: This kit is only compatible with I-Series “Standard” version. Status light Kit P/N E651272 is compatible with I-Series “Value” versions.

3 Go to elotouch.com/support to download device drivers and software development kit for this device.
